GO_Biological_Process_2021
negative regulation of cell communication (GO:0010648)
negative regulation of signaling (GO:0023057)
neuropeptide signaling pathway (GO:0007218)
dopamine catabolic process (GO:0042420)
proteolysis (GO:0006508)
inorganic anion transport (GO:0015698)
negative regulation of smooth muscle cell apoptotic process (GO:0034392)
cellular response to sodium arsenite (GO:1903936)
synaptic transmission, glycinergic (GO:0060012)
G protein-coupled opioid receptor signaling pathway (GO:0038003)
